Description

This route is mainly traffic free and starts just across the road from the Rail Station. On leaving the station, the Visitor Centre can be seen across the road in a fine old stone building. Worth a visit to gather information on local facilities. Just along from the Visitor Centre a road bridge crosses the river. Before the bridge, turn

left, go through the car park and join the wide footpath that runs close to the river to Loch Leven. On reaching the loch vicinity, one can either turn right to go to the Waverley steam ship or carry straight onto the Shores retail and leisure complex.
